Patricia Hortin – Chief Financial Officer

Patricia Hortin, MBA, CFP, is chief financial officer of Armored Online, a technology and services company that delivers a secure, private branded channel that establishes a trusted environment for financial institutions and their customers to communicate and transact. As CFO, Ms. Hortin is responsible for financial management, legal administration and contracts and human resources.

With over 25 years of experience, Ms. Hortin has extensive knowledge of financial analysis, organizational development, project management, operations, administration, governmental compliance, sales and customer service. During her career she assumed increasing levels of responsibility in management positions at Dun & Bradstreet and online investor education firm InvesTools, Inc. As a self-employed strategic consultant Ms. Hortin worked with several organizations identifying opportunities to increase their efficiency, including preparing viability studies and business plans.

Ms. Hortin holds a B.S. in economics from Utah State University and an M.B.A. from the University of Phoenix.
